Dear Gamer:

Thank you for your interest in Merlyn's Merchandise. We hope it's everything you hoped it would be. If there are some improvements you would like to see, please let us know what they are.

Merlyn's is not only one of the best adventure game sources in the Pacific Northwest, it is also one of the best fantasy and science fiction book and comic stores on the West Coast. If you are interested in finding a particular title, write us and we will see what we can do about locating it.

Merlyn's usually has everything in this catalog on hand and can ship your order within 24 working hours. (If you pay with a personal check it can delay shipment by two weeks.) If Merlyn's is out of stock when your order arrives it is usually no longer than 15 days before your order is shipped. Sometimes games go temporarily out of print or the distributor is out of stock, in which case the wait can be much longer. If your order hasn't been shipped within 30 days of receiving it, your check will be refunded.

Thanks for your time and support.
